## SUMMARY

Proactive Web Developer with experience in implementing responsive design principles and integrating third-party APIs to enhance user experience at ShadowFox. Improved data retrieval processes to streamline the ShadowFox training platform. Seeking opportunities to leverage skills in React and web technologies to develop innovative web solutions and improve user engagement.

---

## EXPERIENCE

### Web Developer Intern

ShadowFox

October 2025 – October 2025, Chennai

- Implemented responsive design principles and integrated third-party APIs to enhance user experience and streamline data retrieval processes for the ShadowFox training platform.

### Web Developer Intern

Cognify Technologies

August 2025 – August 2025, Nagpur

- Enhanced user interface functionality for multiple web applications by integrating responsive design frameworks and modernizing front-end codebases to deliver seamless experiences across all major devices and browsers.

### Trainee

Softech Infoways

August 2023 – September 2023, Sirsa, Haryana, India

- Assisted in the development and debugging of web application components by collaborating with senior developers to ensure code quality, consistency, and adherence to project timelines at Softech Infoways.

---

## PROJECT

### IPL RCB team fanpage

ShadowFox • [rcb-team-fanpage.vercel.app/](#) • October 2025 – October 2025

- Launched an engaging IPL RCB team fanpage that fostered a vibrant online community, amplified fan interaction through interactive content, and elevated the team's digital presence across multiple platforms.

### Shakti Dental Clinic

ShadowFox • [dental-care-murex.vercel.app/](#) • October 2025 – October 2025

- Engineered a digital marketing strategy for Shakti Dental Clinic that broadened patient outreach, enhanced appointment scheduling efficiency, and strengthened the clinic's local brand visibility.

### Portfolio

Personal • August 2025 – August 2025

- Curated a diverse portfolio showcasing a broad spectrum of technical proficiencies, innovative projects, and successful collaborations, effectively highlighting depth of expertise and adaptability.

---
